ADMINISTRATIVE EXECUTIVE | OFFICE ADMINISTRATION | DIGITAL OFFICE SUPPORT

+65 9379 4863 | +86 187 0811 5213 | esmegai0617@gmail.com

PROFESSIONAL SUMMARY

Administrative and technical support professional with three years of experience in office administration, contract and finance documentation, procurement coordination, reporting and records management. Experienced in using Windows, Microsoft Office, PDF workflows and internal business systems for daily operations. Software Engineering graduate with two bachelor's degrees and hands-on exposure to digital tools, AI-assisted research and documentation, and desktop application testing. Detail-oriented, organised and comfortable learning new systems.

CORE SKILLS & DIGITAL TOOLS

Office Administration: Document control, scheduling support, internal communications, filing, meeting materials and cross-team coordination.

Finance & Procurement Support: Contract administration, tender documentation, payment/invoice checks, supplier sourcing, quotation and specification comparison.

Computer & Office Tools: Windows file management, Microsoft Excel, Word and PowerPoint; PDF document handling, data entry, reporting, record retrieval and internal back-office systems.

AI & Digital Tools: AI-assisted information research, content drafting and document organisation; digital workflow support, data checking and application testing.

Additional Technical Exposure: Grafana dashboards, SQL-based data checks, Python/PySide6 application workflows and CAD document digitisation.

PROFESSIONAL EXPERIENCE

Administrative & Technical Support | Aug 2023 – Aug 2026

Shahe Subdistrict Office, Jinjiang District People's Government | Chengdu, China

- Supported daily administrative operations, internal coordination, staff documentation, meeting materials and departmental records.
- Prepared Excel financial reports, routine summaries and official documents; maintained accurate electronic and paper filing systems.
- Coordinated contract review, approval and signing documentation, including supporting materials and record maintenance.
- Assisted with tender and procurement documents, payment requests, invoices, reimbursements and reconciliation workflows.
- Used internal business systems and Microsoft Office tools to enter, verify, update and retrieve departmental data.

Procurement & Technical Support (work-pass designation: Financial Analyst) | Aug 2026 – Oct 2026

Tiancheng Electrical Marine Equipment Pte. Ltd. | Singapore

- Researched suppliers, gathered quotations, catalogues and technical specifications, and organised information for procurement comparison.
- Compared product specifications and pricing; supported technical standards research, commercial documentation and cross-functional coordination.
- Assisted with website/product information organisation and research publication content; supported digital reporting and data review using Grafana and SQL.
- Participated in the AI Digital Management System project, contributing to user-interface design, feature testing, error feedback and user documentation.

SELECTED DIGITAL PROJECT

AI Digital Management System | Oct 2026

Supported a bilingual offline desktop tool for engineering drawing management: tested drawing import, previews, field editing, review and export; helped organise a 44-sheet pilot set and 186 bill-of-materials rows. Demonstrates practical computer proficiency, attention to detail and the ability to support digital office processes.

EDUCATION

Bachelor's Degree in Software Engineering | Chengdu University of Technology | 2019–2023

Bachelor's Degree in Software Engineering | Oxford Brookes University | 2019–2023
